Summary of Basic Rules

1 Season = 1 Calendar Year

1 Jan to 31 Dec 2012

- No ' language or behaviour at the track or other club events
- Radio transmitters are not to be turned on in pits without checking with race control
- After each race the participants in that race will place their cars in the pit area and assume a marshalling position for the following race. No other person is allowed on the track (except officials) while the race is in progress.
- Closed toe shoes must be worn by everyone within the official race area ie: track and surround, pits, officials area etc. Under no circumstances will sandals, thongs etc. be allowed.
- Drivers must drive in a sportsmanlike manner, not impede the progress of other drivers, and not drive in a manner deemed to be dangerous
- Vehicles judged to be in undriveable or dangerous condition by Marshals or the Race Director will be removed from the track. These vehicles after being repaired may be allowed to re-enter the track after permission by Race Officials.
- Vehicles must have a body firmly affixed, vehicles losing their body must immediately leave the track and carry out necessary repairs before re-entering the track.
- Any illegal modifications or changes made to the vehicle which are found during technical inspection will automatically cause disqualification.
- All participants must strictly observe the instructions and warnings by the Race Director and Officials.
- Bad behaviour and/or conduct of any competitor, even outside an official race meeting, which could injure the promotion of the sport, may become the object of an official Club Sanction.
- TMORC reserves the right to refuse entry/membership to any person for any event.
